GRACE

```
     C                        F            G
As we gather in the chapel here in Old Kilmainham Jail
  F              C              dm              G
I think about these past few days, oh will they say we've failed
        C                              F            G
From our schooldays they have told us we must yearn for liberty
    F           C                 G              C
Yet all I want in this dark place is to have you here with me

CH
   G                             F             C
Oh Grace just hold me in your arms and let this moment linger,
     F            C             G
they take me out at dawn and I will die
     G                           F            C
With all my love I place this wedding ring upon your finger
      F             C               G             C
There won't be time to share our love for we must say goodbye

Now I know it's hard for you my love to ever understand
the love I bear for these brave men, my love for this dear land
But when Padhraic called me to his side down in the GPO
I had to leave my own sick bed, to him I had to go

Chorus:

Now as the dawn is breaking, my heart is breaking too
On this May morn as I walk out my thoughts will be of you
And I'll write some words upon the wall so everyone will know
I love so much that I could see his blood upon the rose

Chorus:

There won't be time to share our love for we must say goodbye
