I get the same ould answers but the question still re - - mains.

We shared a brief but magic song,
G Fm C
By the first leaves of au--tumn, you were gone,

Chorus
C F G C
Not until the rain has touched my face,
F G C
Not until the first leaves fell from space,
F G Am
Not until that moment did I see,
C G7 F G7 C
I never realised what you meant to me,

From the days you filled with sunlight,
To the laughter in you eyes ,
To the making and the breaking of the day you said goodbye,
We shared a brief but magic song,
By the first leaves of autumn, you were gone

Not until the hearts defence is down
Not until ould come-all-ye comes round ,
Not until that moment did I see,
Never realised what you meant to me

Not until the rain has touched my face,
Not until the first leaves fell from space,
Not until that moment did I see,
Never realised what you meant to me,
