I watch the sunrise
Bm
Lighting the sky
C G D
Casting its shadows near
G Bm
And on this morning 'bright though it be
C D G
I feel those]G]shadows near me.

G Bm C G
For you are always close to me
C G D
following all my ways.
G Bm C G
May I be always close to you,
C G D G
following all your ways Lord.

I watch the sunrise
Shine through the clouds
Warming the earth below
And at the midday 'life seems to say
I feel your brightness near me

I watch the sunset fading away,
lighting the clouds with sleep.
And as the evening closes its eyes,
I feel your presence near me.

I watch the sunset fading away,
lighting the clouds with sleep.
And as the evening closes its eyes,
I feel your presence near me.

I watch the moonlight guarding the night,
waiting till morning comes.
The air is silent earth is at rest - only
your peace is near me. yes, you are always near me.

For you are always close to me
following all my ways.
May I be always close to you,
following all your ways Lord.
