

Las Vegas In The Hills Of Donegal

G **D** **C** **Em**
You may talk about Atlantis, how it's lost beneath the sea
G **D** **C** **G**
Or the grave of the unknown soldier and the cry of the old banshee
D **C** **Em**
Who was the man in the iron mask, was Jack the ripper set free?
G **C** **D**
But ask them all where's Donegal, and it's still a mystery

G **C**
And if I could I'd build a wall around old Donegal
G **F**
The north and south to keep them out, my god
D **G** **C**
I'd build it tall chicken ranches, I'd legalize them all
G **D** **Em**
We'd have our own Las Vegas in the hills of Donegal

Yeah!! Las Vegas in hills of Donegal

Lay by clubs and all night pubs, black jack and roulette
Mel Gibson, Brigitte Nilsen, Mike Tyson having a bet
Iniseoghain would then be known for it's multi-millionaires
Where Donald Trump would have a chunk to live in solitaire

And if I could I'd build a wall around old Donegal
The north and south to keep them out, my god I'd build
it tall Casinoes, chicken ranches, I'd legalize them all
We'd have our own Las Vegas in the hills of Donegal

Yeah!! Las Vegas in the hills of Donegal
To stand on top of fairy hill would give me such a thrill
I've heard them say in Dublin there's gold in
them there hills So don't despair, 'cos if you dare, the answer lies with me

There's a wall that's steep and it's going cheap somewhere in Germany
And if I could I'd build a wall around old Donegal
The north and south to keep them out, my god I'd build
it tall Casinoes, chicken ranches, I'd legalize them all

We'd have our own Las Vegas in the hills of Donegal
Yeah!!Las Vegas in the hills of Donegal
