If you have any money go up to the park

And view the zooligical gardens

Last Sunday night we had no dough So I took the mot up to see the zoo We saw the lions and kangaroos Inside the zoological gardens

We went up there by Castleknock Said the mot to me sure we'll court by the lough And I knew she was one of the rare old stock Inside the zooligical gardens

Said the mot to me "My dear friend Jack"
Would you like a ride on the elephant's back
If you dont get outta that I'll give ye such a smack
Inside the zooligical gardens

We went up there on our honeymoon Says she to me if you dont come back Sure I'll have to jump in with the hairy baboon Inside the zooligical gardens
