

Love Has Gone

A. Clancy

My love has gone. My dreams have passed away. Her funny way, my sunny day
are gone

Chorus:

And, yet, I think of her when first we met, when first we loved before my
love was gone.

I hear her voice beside me in the night. I see her hand, yet here I stand
alone.

(Chorus)

My love has gone and ever, ever will I be a star-crossed lover tossed upon
the sea.

(Chorus, twice)
