

Baby It's Alright-crd

(Dm) It's all right, baby it's all right, it's all (Asus) right, baby it's all (Dm) right,
Anything you say gonna be okay, 'cause it's all (Asus) right, baby it's all (Dm) right

(D) Open the door love (Asus) let your light shine (D) in
The morning comes too quickly it (Asus) will not come a(D)gain
I'll take you at your promise I (Asus) will not ask you (D) why
I (Dm) only wish to love you un(Asus)til the day I (Dm) die

It's a shame, baby it's a shame, when you play your hurtin' game
Every single day, every single night, but that's okay, baby it's allright

Open the door love the sun lights up the gloom
I know you been out walking, I will not ask with whom
The night will soon be over, the sky is almost grey
Your hair is all a-tangle, your thoughts are all astray

It's all right, baby it's all right, it's all right, baby it's all right,
Anything you say gonna be okay, 'cause it's all right, baby it's all right

Open the door love let your light shine in
Staying here is foolish to leave would be a sin
I know I'm close behind you I'll catch you if I try
For I must surely win you or I will surely die

It's a shame, baby it's a shame, when you play your hurtin' game
Every single day, every single night, but that's okay, baby it's all right
