

If You Got It-crd

(D) If you got it
Don't lose it girl it (Em) had to be
The (G) one creative (A) thing that's left for (D) you and me
If you find it
Don't lose it on the (Em) very next day
(G) Lock it in your (A) soul and throw the (D) key away (A)
(D) So, don't you let it go
Let it (A) stay let it grow
Like the (Em) snow, don't let it (A) melt away

If you find it
Then give it girl with all your might
Forget about yourself you're not the losing kind
If you get it
Then keep it cool don't let it die
You may only see it once don't let it pass you by

(CHORUS)

If you find it
Then give it girl with all your might
Forget about yourself you're not the losing kind
If you get it
Then keep it cool don't let it die
You may only see it once don't let it pass you by
Pass you by, don't let it die
Don't let it go
