

## Mother Of A Miner's Child-crd

(G) She is my flower  
 And she (C) blooms for the one who loves her (G) best  
 The (C) miners stop to (D) watch her as she (G) walks  
 They (D) know her love is not for sale  
 (C) She will never fail me 'cause I (G) know  
 I watched her (Em) grow  
 And the (C) mother of a (D) miner's child  
 (C) Waits for me be(D)side the kitchen (G) door (D)  
 She is my light  
 In this place where the darkness never ends  
 She'll guide me where the tunnels twist and bend  
 She's the only one who listens when I tell her  
 I got less than I can spend  
 She knows the pace  
 Oh mother of a miner's child  
 Wash away the coal dust from my face (F) (C) (D)

When the night shift's done  
 She'll be waiting by the table when I come  
 Searching for another dream to chase  
 Oh mother of a miner's child  
 I know that you still think about the day  
 When we'll be movin' on  
 Remember dear old Daddy and  
 The promise that I made to carry on

Sometimes I smile  
 In the cage where the cables softly hum  
 I'd curse that old straw boss to the bone  
 But the mother of a miner's child  
 Is waiting for her paycheck to come home  
 Come Saturday  
 And he is just a miner's boy  
 I hope that he will find a better way

She is my flower  
 And she blooms for the one who loves her best  
 The miners stop to watch her as she walks  
 They know her love is not for sale  
 She will never fail me 'cause I know  
 I watched her grow  
 And the mother of a miner's child  
 Waits for me beside the kitchen door
