

## Only Love Would Know-crd

(E) Does the light of (B7sus4) passion still burn (A/B) bright  
 Only love would (B7sus4) know, my imagin(E)ation  
 (A/B) Tells me I'm a pent-up fool (B7sus4) in the deep end (E) of the pool  
 Is the light of (B7sus4) passion burning to(C#m)night  
 (A/B) Only love would (B7sus4) know, (A/B) only love would (E) know  
 (A/B) She lives on the other side, you (B7sus4) want to know the (E) reason  
 why  
 (A/B) She arrives at promises and (B7sus4) you believe in (E) what she says  
 (A/B) Everywhere you (B7sus4) go (E) (A/B) (B7sus4) (E)

(E) Is the light of (B7sus4) passion burning (A/B) bright  
 Everywhere you (B7sus4) go, (A/B) only love would (E) know  
 (A/B) You think you've been wronged again  
 Oh (B7sus4) what a way to (E) treat a friend  
 (A/B) She belongs to other eyes and (B7sus4) surely you must (E) realize  
 (A/B) She ain't the kind who would (B7sus4) soon step a(E)side  
 (A/B) Pay any dues at the ex(B7sus4)pense of her (E) pride  
 (A/B) Everywhere she (B7sus4) goes, (A/B) only love would (E) know

Is the light of passion burning bright  
 Everywhere you go, only love would know  
 You think you've been wronged again  
 Oh what a way to treat a friend  
 She belongs to other eyes and surely you must realize  
 She ain't the kind who would soon step aside  
 Pay any dues at the expense of her pride  
 Everywhere she goes, only love would know

In the days gone by I came to believe  
 Everything is trust, all the rest is dust  
 Mother nature, mother dear, listen to us over here  
 Are the sounds of laughter ringing true  
 Only love would know, only love would do  
 She lives on another plane away from the driving rain  
 She says no, you say yes, and that's how it should be I guess  
 Only love would know

May the light of love surround you tonight  
 Everywhere you go, only love would know  
 You think you were wrong until  
 You learned once and for all it's still  
 Once more lesson on the way  
 Or that is what it seemed to say  
 She's not the kind who would soon step down  
 Not the kind you would try to walk around  
 When only a thought would go very well  
 You can tell by the touch  
 Ah but only love would know

Passion burning bright  
 Tears of passion late at night  
 Is the light of passion burning bright  
 Everywhere you go, only love would know
