

The List-crd

The List (G) (Dsus4/G) (F/G) (G)
 (D) There's a little room on my (C) list for to(C7)night
 (D) Will you be the one to fill it (C7) in (G)
 (D) Toss around what is (C) up, what is (C7) down
 (G) In be(D)tween, (G) would you like to (C) dream
 (Am) Step on (Bm) in, you (C) don't have to play to (D) win
 But then you (G) might (Dsus4/G) (F/G) (G)

There's a little song on my list for tonight
 Would you like to try and make it rhyme
 Sing and sway, if your heart feels that way
 We can leave the blues behind

There's a little loving on my list tonight
 With a bit of luck, I'll check it off
 Toss around what is up, what is down
 In between, do you know what I mean

(G) Rain, (D) rain (Em) all day (D) long
 You (G) made it (D) pay, you can (Em) do no (Dm) wrong to(C)night
 (Am) Pick and (Bm) grin, you (C) don't have to play to (D) win
 But then you (G) might
 Thick and thin, you don't have to play to win
 But then you might

There's a little room on my list for tonight
 Will you be the one to fill it in
 Toss around what is up, what is down
 In between, would you like to dream
 Step on in, you don't have to play to win
 But then you might
 Thick and thin, you don't have to play to win
 But then you might
