

After I Sing All My Songs
Written by Leona Williams

G D7 G
When the show is over and every one is gone
C G
That's when this lonely feeling comes along
G7 G
Everybody loves me while the show is going on
C G D7 G
But I need someone to love me after I sing all my songs

D7 G
I smile and play the music while they just cheer me on
C G
But this empty feeling keeps on hanging on

G7 G
Lord I wish I had somebody just to be my only one
C G D7 G
I need someone to hold me after I sing all my songs

D7 G
After I sing my songs after the crowd is gone
C G D7 G
I need someone to hold me after I sing all my songs

D7 G
After I sing my songs after the crowd is gone
C G D7 G
I need someone to hold me after I sing all my songs
