

Going Where the Lonely Go
Album: For the Record: 43 Legendary Hits

Rollin' with the flow
Goin' where the lonely go
Anywhere the lights are low
Goin' where the lonely go

Makin' up things to do
Not runnin' in all directions
Tryin' to find you
I'm just rollin' with the flow
Goin' where the lonely go

And I've got to keep goin'
I can't lay down
Sleep won't hardly come
Where there's loneliness all around

I've got to keep goin'
Travlin' down this lonesome road
I'll be rollin' with the flow
Goin' where the lonely go

(Instrumental bridge)

I've got to keep goin'
I can't lay down
Sleep won't hardly come
Where there's loneliness all around

I've got to keep goin'
Travlin' down this lonesome road
I'll be rollin' with the flow
Goin' where the lonely go

(Instrumental close)
