

I'll Look Over You

[A] [D]

I'll [G]look over things you do because [D]I love you so,
And I'll be [A]standing on the sidelines [D]while you play.
It's your [G]life to live the way you [D]want to live,
And I'll [A]look over you if you'll just let me [D]stay.

It's no [G]fault of yours if I can't give the [D]thrill you need,
And I know [A]someday you'll find someone who [D]can.
Though it [G]hurts to see you stare at every [D]guy you see,
I'll look [A]over you and try to [D]understand.

I'll [G]look over things you do because [D]I love you so,
And I'll be [A]standing on the sidelines [D]while you play.
It's your [G]life to live the way you [D]want to live,
And I'll [A]look over you if you'll just let me [D]stay.
