

Look What Thought's Will Do

A
Once I thought I loved just you,

And I thought you loved me to.

E
But just look what thoughts will do,

A
For today you say were through.

Now a mother wears a crown and you think that you have found,

E
Just what makes your world go round.

A
Watch those thoughts they'll get you down.

Guitar Solo

A
If within your future years,

You knew love should bring you tears.

E
And you'll think of me I'm sure,

A
But those thoughts won't help you dear.

Thought i'd build a home for two,

Just a home for me and you.

E
Thought we'd have some kiddies to,

A
But just look what thoughts will do.

Piano Solo

A
Now I know just how you feel,

That your love was never real.

E
Yes to you I don't appeal,

A
So we'll just forget the deal.

So goodbye and here's to you,

And I'm happy through and through.

E
Yes you thought that I'd be blue,

A
But just look what thoughts will do.
