

## RIDIN' HIGH

They told us that we'd never reach the top  
They said that we would probably not  
But we rhode a bolt of lightnin' through the sky  
You and I we're ridin' high

You and I we're ridin' high  
We're ridin' high upon the wings of love  
You even changed the color of my sky  
You and I we're ridin' high

(instrumental)

There was a time when I did not believe  
That love would fly around with me  
And other loves may soar and then fall and die  
But you and I we're ridin' high

You and I we're ridin' high  
Ridin' high upon the wings of love  
You even changed the color of my sky  
You and I we're ridin' high
