

SHADE TREE (FIX-IT-MAN)

SHADE TREE FIX-IT MAN

Well I'm a shade tree fix-it man
Dont need any helpin hand
I'm a Jack-A-All-Trades when I'm workin' in the shade
I'm a shade tree-fix-it man

Well I headed out west from Arkansas my hoopie ran fine for a while
Then a rod started knockin' and a gauge started rockin' she wouldn't run
another mile
But on a downhill drag I coasted for a while till I found me a shady inn
Started huffin' and a puffin' started a frettin' and a sweatin'
Soon had her runnin' again

Cause I'm a shade tree fix-it man
Dont need any helpin hand
I'm a Jack-A-All-Trades when I'm workin' in the shade
I'm a shade tree-fix-it man

BREAK

By noon the next day I was back on the road I had her runnin' right on out
I was wheelin' and a dealin' I got a funny feelin' that my baby kinda felt
left out
So I found me a shade by the side of the road I fixed everything up fine
Hey, a little bit of lovin' and a few minutes later was rolling on down the
line

Cause I'm a shade tree fix-it man
I don't need any helpin hand
I'm a Jack-A-All-Trades when I'm workin' in the shade
I'm a shade tree-fix-it man

Once more
