

This Town's Not Big Enough

Today's the day I leave forever this town where we once loved together
 C# C#7 F#
 Now that love is gone I guess I'm free
 C# Ab7
 I'll leave behind both you and sorrow and take just what I'll have tomorrow
 C# C#7 F#
 When there's miles and miles and miles between this town and me
 C# Ab7 C#

Chorus:

This town's not big enough for both of us to be
 C# F# C#
 I can't go anywhere without your memory
 Ab7 C#
 In every window pane your face is all I see
 F# C#
 This town's not big enough to hold both you and me
 Ab7 C#
 I'll drop the dreams I've held so tightly, shed my tears and travel lightly
 Anything to ease my heavy load
 I'll find a town in far-off places where the windows have no faces
 Many miles from anywhere along this lonely road

Chorus
