

Hallelujah Square

[C] I saw a blind man, [F] tapping a [C] long,
Losing his way as he passed through the [G7] throng;
[C]Tears filled my eyes I said[F]Friend you can't[C]see
With a smile on his face, he re [G7] plied to [C] me,"
Chours
I'll see all my friends in [F] Hallelujah [C] Square;
What a wonderful time we'll all have up [G7] there.
We'll [C] sing and praise Jesus his [F] glory to [C] share

[1] And you'll not see one blind man
In [G7] Hallelujah [C] Square
[2] And you'll not see one cripple
In [G7] Hallelujah [C] Square.
[3] And we'll all live forever in [G7]Hallelujah [C]Square

Now I saw a cripple, dragging his feet;
He couldn't walk as we do down the street.
I said, "My Friend, I feel sorry for you."
But he said Up in heaven I'm going to walk just like you
I saw an old man, gasping for breath;
Soon he'd be gone as his eyes closed in death;
He looked at me and said, "Boy, don't look so blue;
I'm going up to heaven; how about you?"
