

To Everyone in All the World
By:Pete Seeger

To everyone in all the world,
I reach my hand; I shake my hand;
To everyone in all the world,
I shake my hand like this.
All, all together,
The whole wide world around.
I may not know your lingo,
But I can say, "By jingo,
No matter where you live,
We can shake hands."

To everyone in all the world,
I reach my hand; I shake my hand;
To everyone in all the world,
I shake my hand like this.
All, all together,
The whole wide world around.
I may not speak your lingo,
But I can say, "By jingo,
No matter where you live,
We can shake hands."
