

VAN NUYS
(CRUISE NIGHT)
Ralph McTell

Down in the valley something stirs
You don't need no jaguar or thunderbird
Get down under the valley skies
And go cruising on Van Nuys.

Van Nuys cruise night
Van Nuys cruise night
Get down under the valley skies
And go cruising on Van Nuys

Got new shocks on my "fifty-five"
And I keep the shift in low
We don't need to jump the lights
I ride the boulevard real slow.

Wednesday night change my luck
I'm going to get that blonde in the pickup truck
When I get down under the valley skies
And go cruising on Van Nuys.

Wednesday night do what I can
I don't anticipate no trouble from the man
When I get down under the valley skies
And go cruising on Van Nuys.

Cruising on Van Nuys . . .
