

## Light at the River

Light at the River  
(CARL STORY)

There's a deep solid river flowin' just before  
And it's water's are deep and wide  
But fate sees a light  
Yes, a beckoning light  
Just down by the river side

Cho: There's a light at the river  
A light at the river  
There's a light at the river I can see  
My lord will stand  
And hold in his hand  
A light at the river for me

To that deep solid river  
We will one day come  
And we'll cross over waters wide  
But they'll carry us way  
To the realms of day  
To our homes on the other side

Many dear ones have gathered  
Safe before the throne  
Dip their wings in the mystic tide  
They are passed over deep  
Where they do not weep  
To their homes on the other side
