Wait for the Wagon (2)

Our wagon's plenty big enough;  
It's running gear is good.  
'Tis stuffed with cotton round its sides  
And made of Southern wood.

Cho: Wait for the wagon,  
The new Jeff Davis wagon.  
The South is our wagon,  
And we'll ail take a ride.

Carolina is the driver,  
With Georgia by her side.  
Virginia will hold our flag up,  
And we'll all take a ride.
