## LACKAWANNA SPOONERS

Here wi are two Lackawanna spooners;  
While Ye're here, keep your eyes upon us;  
We loaded coal from Harlem to Gowanus,  
We'n| the two selected spooners of the gang.  
When ire go home, our families we embrace;  
We eat our meals with elegance and grace;  
For opi osition shovellers we long to have a race;  
We are the two selected spooners of the gang.

## CHORUS.

As through the streets we walked along like soldiers.  
And baskets and shovels we have on our shoulders-  
For to get a job there's none can be bolder  
Than the two selected spooners of the gang.

Saturday nights we stand upon the corners,  
With the gang that wears the Roll of Honor;  
At Hibernian Hall we are going to raise a banner,  
To represent the Lackawauua gang.  
We all get shaved in the one barber shop,  
We use the same razor, lather brush and cup;  
For bay rum and tonic we long to have a sup,  
To stimulate the Lackawanna gang.-Chorus.

We've acumulated wealth with hard work and endurance-  
With other scallawags we have no interference;  
We have been hard tried by work and perseverance-  
The two selected spooners of the gang.  
With the General Committee we are the two great big cards-  
Like " Muldoon. the Solid Man," we hold a grip in the ward;  
We could put you on the pipes or the City Boulevard,  
The two selected spooners of the gang.-Chorus.
