SAY A KIND WORD, LOVE.

Words and Music by Henry Morse.

Say a kind word, love, don't be angry with me,
Often I've caressed you, darling -you have me.
How we love to wander way down upon the green;
Say a kind word, love, don't be angry with me.

Chorus.

Say a kind word, love, how often we met.
Remember 'tis nature to forgive and forget.
Now we are here together, and happy we are at last.
Only a kind word, love, 'tis all I do ask.

No we are not angry, do you not see,
I'll promise and promise my love, yes to thee.
Now we're here together and happy we will be.
Say a kind word, love, don't be angry with me.- Chorus.

Still we are united and ne'er we will part,
One silent kiss, love, then press me to your heart.
Take this little flower, it's a token of love for thee.
Say a kind word, love, don't be angry with me.-Chorus.
