American Old-time song lyrics from www.traditionalmusic.co.uk

TRILBY.

Written by Leontine Stanneld.

Tune-"Old Dan Tucker."

A girl struck town the other day,
And some folks think she's rather gay;
But you can't drive that girl away,
For Trilby's come and come to stay.

Chorus.

Then out of the way, make room for Trilby;
Stand aside, make room for Trilby.
There never was a girl, nor will be,
In any way at all like Trilby.

She has a fool that's worth a frame,
And all her charms are sung in fame;
Sweetness is Trilby's other name,
Why can't all nice girls work that game?- Chorus.

Oh, Trilby is the latest fad,
And every one is Trilby-mad:
They've put dear Trilby in a show,
And where she'll land us I don't know.- chorus.
