

All Night Long

(G)All night (Emin)long,
 (C)Dreaming (D)badly,
 Feeling (G)something's (Emin)wrong.
 (C)Faces (D)crying
 As the(G)y fade a (Emin)way,
 (Bmin)Who can say where they were (D)going. (D/C) (D/B) (D)
 With this song
 Did they leave it in
 Their throats too long.
 Were they waiting for
 A sunny day.
 Who can say who's wind is blowing.

(G)I can't wake the (C)wind to blow my (G)way. (C)
 (G)Let them shake the world
 I know, I (D)know in my way,
 I know that (Bmin)songs that died unsung
 Know their way (Emin)too.
 Most songs (C)do.
 Most songs (D)do.. (D/C) (D/B) (D)

All night long
 Someone's trying,
 To believe that he is strong.
 Will he make it
 By the fade of the day.
 Who can say who's power is growing.

I can't wake the wind to blow my way.
 Let them shake the world
 I know, I know in my way,
 I know that songs that died unsung
 Know their way too.
 Most songs do.
 Most songs do.

All night long,
 Dreaming badly,
 Feeling something's wrong.
 Faces crying
 As they fade away,
 Who can say where they were going.
 With this song
 Did they leave it in
 Their hearts too long.
 Were they waiting for
 A sunny day.
 Who can say who's wind is blowing.

I can't wake the wind to blow my way.
 Let them shake the world
 I know, I know in my way,
 I know that songs that died unsung
 Know their way too.
 Most songs do.
 Most songs do.
